

## COMPLIMENTARY WORKING SPACE

We had difficult times when we started off and even after years of establishment we had to battle through when the downturn of the economy hits our industry. We struggled with the rental cost. We could barely pay the maintenance cost of our firm and the salary of our staffs.

In an attempt to help our fellow peers from having to go through the same arduous situation, we have taken this initiative to offer lawyers who are looking to set up their own firm or even lawyers who struggle to keep their firm afloat the opportunity to rent a space at no cost.

You will have access to our firm's resources such as office space, administrative staff, accounting and supporting team, all of which are at your disposal.

Your expenditure will only incur when you start working on your files. As consideration for all the amenities provided, a percentage of the legal fees from your files will be shared with us.

All the sales generated from your files will be based on a 50-70% profit sharing between yourself and us.

Our working space is as below:-

**187-5, Wisma Tenggara Teguh, Jalan Lancang, Taman Sri Bahtera, Off Jalan Cheras, 56100 Kuala Lumpur.**

Should you need any further information, kindly contact the person in charge (Ivan Yap) at 010-4493441.
